INFANT MENTAL HEALTH MENTOR RESEARCH/FACULTY (IMHM-R/F)

Who?

- Higher Education Faculty
- Researcher

Do You...

- Support parent-infant/toddler relationship-based therapies and practices to explore issues including attachment, separation, trauma or loss that affect the development and care of the infant or toddler?
- Write articles and books on infant and early childhood mental health principles and practices?
- Promote research projects intended to increase the body of knowledge about infant mental health, early development, and effective interventions?
- Generate research that reflects cultural humility and understanding in the infant and early childhood-family field?

If you answered YES....

You are a leader in university-level teaching and/or published research related to infant mental health principles and practices. Infant Mental Health Endorsement® connects your experience with a set of competencies that recognize your expertise.
